Consideration of Proposed Amendments to 22 Tex. Admin. Code §217.1, Pertaining to Definitions

Background: The proposed amendments to Rule 217 eliminate obsolete provisions from the rule and update references to the Texas Board of Nursing. Further, the current definition of "professional nursing practice" in §217.1(31) and “vocational nursing practice” in §217.1(50) contains a reference to "compensation". However, this phrase was removed from the definition of “professional nursing” in the Nursing Practice Act (NPA) in 2005\(^1\). The definition of “vocational nursing” was also amended in 2005 and did not include a reference to compensation\(^2\). Further, the current definition of "retired registered nurse" in §217.1(37) includes reference to age 65 or older. The NPA eliminated age restrictions for retired status in 2011\(^3\). The proposed amendments are necessary for consistency with the NPA. A copy of the proposed amendments is attached hereto as Attachment “A”.

Board Action: Move to approve the proposed amendments to 22 Tex. Admin. Code §217.1, Pertaining to Definitions, with authority for the General Counsel to make editorial changes as necessary to clarify rule and Board intent and to comply with the formatting requirements of the Texas Register. If no negative comments and no request for a public hearing are received, move to adopt the proposed amendments to 22 Tex. Admin. Code §217.1, Pertaining to Definitions, as proposed.
